

## **MEDIA UPDATE / Prague 21.1km – Ready for the Restart**

03 SEP 2020

### FOR IMMEDIATE RELEASE

#### **Quick quotes:**

##### **Rhonex Kipruto**

Very happy to be guest of Prague Restart. Prague is where I started my career and it is always good to be back. After the race, the plan is to visit adidas HQ in Herzogenaurach and to continue to work on various new shoe models and technologies. Before that, I will be supporting my friends here and especially my brother Bravin, who will be pacing the race.

##### **Peres Jepchirchir**

I am very happy to be back to Prague. Training alone in Kenya, not having a structure was not easy. This weekend is about hope. I am in a very good shape and I want to race very well.

##### **Carlo Capalbo**

So much emotion for our RunCzech team. We are at the brink of the biggest event in sporting terms for us, two more nights to go and this is when absolute attention must be paid to all aspects of the organization. We are ready, athletes are ready, adidas' adizero adios Pro shoes are ready and we are looking forward to Saturday and our Cesko bezi dal (Czechia keeps on running) Grand Finale and Prague 21.1 km.
