# Foreword

**ZDENĚK HŘIB**

DEAR FANS OF RUNNING  
AND A HEALTHY LIFESTYLE,

On behalf of our capital city, Prague, a proud partner and co-organizer of this year's Prague Half Marathon, I would like to extend a warm welcome and, if you will be taking part in the race, wish you the best possible result. After the forced hiatus imposed by the pandemic, we are thrilled to once again welcome athletes and supporters to the prestigious Sportisimo Prague Half Marathon.

As a doctor, I am extremely conscious of the benefits of outdoor sports activities, and in Prague's many parks, forests, bike paths and streets, we daily see, regardless of the weather, many runners train. I am very happy that so many here are devoted running fans and I take great pride in the fact that so many Prague residents are taking care of their physical and mental health in such a way. In closing, I wish all the best to every runner this year.

Zdeněk Hřib

Mayor of Prague

**CARLO CAPALBO**

DEAR RUNNERS  
AND FRIENDS,

I would like to start with perhaps the most important fact – we are finally back! I could not be happier about getting back to business-as-usual after the compulsory break imposed on us all by COVID 19. As always, the RunCzech season kicked off with a race held in Napoli in February and, now, the second race is fast approaching. On Saturday, April 2<sup>nd</sup>, the Sportisimo Half Marathon Prague, which will pit runners of all ages in a race through the historical center of Prague, will kick off.

The negative impact of COVID 19 on our collective mental and physical health was evident, but the pandemic also had some hidden positive aspects in that many of us took on running as the alternative to our usual workout habits. As such, we are extremely happy to welcome all the beginners, of all ages, as well as all the experienced runners to the Sportisimo Prague Half Marathon. This year is made even more special due to the addition of the SuperHalves International, an event which comprises five half marathons in as many beautiful European cities, one of which is our capital city of Prague; runners will receive a stamp in their virtual passport for each race. With the help of the SuperHalves International we aim to prove that the Prague Half Marathon is as good as any other marathon of the major European and US capitals.

ALL RUNNERS ARE BEAUTIFUL.

Carlo Capalbo

President of the RunCzech Organizing Committee –  
Chairman of the IAAF Road Running Commission.

# Zátopek

**One of the greatest and most extraordinary runners of all time; an Olympic hero who was named the best athlete of the 20th century in 1997 and the best Czech Olympian in 1999; Emil Zátopek became a legend on the track, but also off it, thanks to his charisma and humanitarianism. In fact, Emil Zátopek's story is so compelling that a movie recounting it recently hit the silver screen.**

**He set 18 world records and collected 5 Olympic medals, three of which were won at the Olympic Games in Helsinki in 1952 for the 5 and 10 kilometer races and even a marathon – nobody else was ever able to do that!**

**2022 is Emil Zátopek's year. In fact, it marks the 100th anniversary of Emil's birth, but also that of Dana Zátopková, and 70 years will have passed since his phenomenal performance at the Olympic Games in Helsinki. We at RunCzech remember Zátopek as a great runner and humanitarian and dedicate 2022 to this phenomenal runner.**

# RunCzech pacemakers

**Who will lead you to your dream time?**

Whenever the organizers decide to hold a running event in the city, they try to lead the course through interesting places, preferably historical ones. However, the Sportisimo Prague Half Marathon offers a more original solution; the race takes place in locations where history blends with today's modern architecture. The start and finish of the race, including all the facilities, can be found in Jan Palach Square, in the vicinity of the beautiful Rudolfinum building – you'd be hard-pressed to find a better location. Even before the first kilometer of the race, you can take in the beauty of the National Theater, and then, just a few hundred meters later, you will be able to enjoy the modern architecture of the famous Dancing House. The fourth kilometer will take you all the way to Smíchov, where you will run around the jewel of this district, the Smíchov brewery. After that, a turn on Strakonická Street will take you back to the Legion Bridge, from where you will return to the Rudolfinum to run across the Mánes Bridge to the second half of the race. You can bask in the views of the Vltava River along several embankments. The Libeň Bridge will move the runners to the right bank of the river, to Rohanský ostrov, where the eighteenth kilometer is waiting between office buildings, within sight of the Těšnov tunnel. Soon after is yet another piece of history as you pass the beautiful building of the Ministry of Industry by architect Josef Fanta and, subsequently, the oldest hospital in Prague, Na Františku. Cross the river again via Čechův most, run around the government office, and then over Mánesův most and you are already creeping towards the finish line, where the red carpet will be waiting. You, the participants of the race, together with the RunCzech Pacemakers, will thus have earned the privilege of running over it.

# Music festival

You won't need headphones at Sportisimo Prague Half Marathon! 11 bands and 8 DJ's will play for the runners on the track this year. These musicians performed at the IMF (Marathon Music Festival) in the past and they can't wait for the enthusiasm and euphoria from running, after two years of separation. DJ's Jaro Cossiga, Lukáš Kolíbal and Pufaz on COLOR Music Radio will broadcast live from the track. The music at the start and finish will definitely not be possible without DJ Frika from the same radio, who has been playing the decks with RunCzech for six years now.

## SuperHalfs

### An extraordinary running series of half marathons for ordinary runners

Sportisimo Prague Half Marathon is part of an extraordinary running series of half marathons for ordinary runners called SuperHalfs. Elite runners travel from city to city, from race to race, from challenge to challenge. They do it for glory and for record books. SuperHalfs is our way of sending you off on a running adventure. The series consists of five beautiful half marathons in five European cities: Lisbon, Prague, Copenhagen, Cardiff and Valencia. All SuperHalfs events are awarded the World Athletics Elite Label. They are AIMS certified or awarded five-star certificate from European athletics. Their quality is also evidenced by the fact that four of them saw a world record.

### How to participate?

Each runner has to complete all five half marathons in 36 months. You will create the profile on SuperHalfs website, where you receive a "stamp" for each race in your virtual passport. As soon as you finish the fifth race, you will be rewarded by a special medal.

# Alma Mater

Alma Mater is an association that has been participating in various sports and cultural events throughout the Czech Republic for several years, where it offers those interested the opportunity to enter the register of bone marrow donors. In cooperation with the CNMDR, they launched the Chance at Life project, which aims to find as many potential bone marrow donors as possible. It seeks to increase the number of patients who get a chance at recovery. At present, up to 75% of those in need do not find a donor.

# Marathon centipede

Originally, it was supposed to appear at the half marathon in 2020. This year, the Centipede charity project will finally be presented for the first time at the Sportisimo Prague Half Marathon. Who will run? 1 centipede, 10 balls, 10 mothers, 20 legs and a total of almost 450 years. Ten mothers decided to run for Ukraine and support the message of peace.

# Marathon alley

RunCzech and Nadace Partnerství celebrate Emil Zátopek's 100th anniversary and seven decades since the Helsinki Marathon Gold. We would like to give Emil Zátopek and all the runners of the world a gift and complete the symbolic Marathon Alley, which will consist of 4,220 trees supported by runners from all continents. We are missing 755 trees to meet the target. For this purpose, we need to raise 1.2 million crowns.

# RunCzech anywhere

During the Pandemic, we have decided to provide several races to runners virtually. Over three thousand runners joined the virtual events.

Its popularity brought up the idea of bringing our races to runners who cannot come physically to our beautiful destinations. All RunCzech races are provided on our platform RunCzech Racing to deliver an opportunity for any runner worldwide to be part of our ALL RUNNERS ARE BEAUTIFUL community and explore the Czech Republic and its regions.

# Elite athletes men

Prague is where professional distance runners come to set world records. In fact, 5 world records have been shattered here in the past 5 years. The course is fast. The scenery is inspiring. The crowds are electric. But while the pros run for gold, there is glory enough for everyone. In taking part. In being treated with the same respect and professionalism as the top finishers. The Sportisimo Prague Half Marathon is back for 2022. Come to where all runners are loved. Where All Runners Are Beautiful.
